## Accepted Manuscript

Improvement of endothelial function in a murine model of mild cholesterol-induced atherosclerosis by mineralocorticoid antagonism

Mario T. Kratz, Stephan H. Schirmer, Magnus Baumhäkel, Michael Böhm

PII: S0021-9150(16)30263-5

DOI: 10.1016/j.atherosclerosis.2016.06.018

Reference: ATH 14649

To appear in: Atherosclerosis

Received Date: 12 June 2015

Revised Date: 10 May 2016

Accepted Date: 8 June 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

### Improvement of endothelial function in a murine model of mild

#### cholesterol-induced atherosclerosis by mineralocorticoid

#### antagonism
