

## Accepted Manuscript

Sound envelope processing in the developing human brain: A MEG study

Huizhen Tang, Jon Brock, Blake W. Johnson

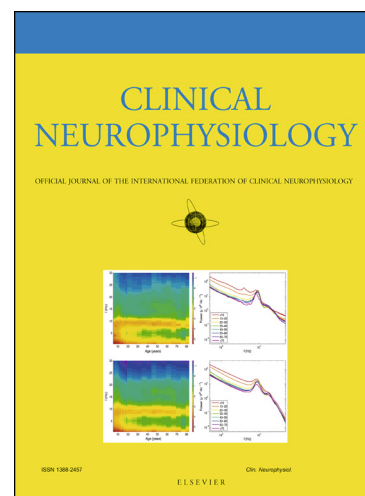

PII: S1388-2457(15)00794-4

DOI: <http://dx.doi.org/10.1016/j.clinph.2015.07.038>

Reference: CLINPH 2007607

To appear in: *Clinical Neurophysiology*

Accepted Date: 15 July 2015

Please cite this article as: Tang, H., Brock, J., Johnson, B.W., Sound envelope processing in the developing human brain: A MEG study, *Clinical Neurophysiology* (2015), doi: <http://dx.doi.org/10.1016/j.clinph.2015.07.038>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
