Title: How does vagal nerve stimulation (VNS) change EEG brain functional connectivity?

Authors: Fabrice Bartolomei MD, PhD Prof. Francesca Bonini Elsa Vidal Agnes Trébuchon Stanislas Lagarde Isabelle Lambert Aileen McGonigal Didier Scavarda Romain Carron Christian G. Benar

PII: S0920-1211(16)30094-8
DOI: <http://dx.doi.org/doi:10.1016/j.eplepsyres.2016.06.008>
Reference: EPIRES 5535

To appear in: *Epilepsy Research*

Received date: 29-5-2016

Accepted date: 25-6-2016

Please cite this article as: Bartolomei, Fabrice, Bonini, Francesca, Vidal, Elsa, Trébuchon, Agnes, Lagarde, Stanislas, Lambert, Isabelle, McGonigal, Aileen, Scavarda, Didier, Carron, Romain, Benar, Christian G., How does vagal nerve stimulation (VNS) change EEG brain functional connectivity?. *Epilepsy Research* <http://dx.doi.org/10.1016/j.eplepsyres.2016.06.008>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

How does vagal nerve stimulation (VNS) change EEG brain functional connectivity?
