Seizures associated with synthetic cathinone exposures in the adolescent population

Kristyn Tekulve, MD Andreia Alexander, PhD, MPH Laura Tormoehlen, MD

PII: S0887-8994(14)00153-2

DOI: [10.1016/j.pediatrneurol.2014.03.003](https://doi.org/10.1016/j.pediatrneurol.2014.03.003)

Reference: PNU 8300

To appear in: *Pediatric Neurology*

Received Date: 17 February 2014

Revised Date: 27 February 2014

Accepted Date: 2 March 2014

Please cite this article as: Tekulve K, Alexander A, Tormoehlen L, Seizures associated with synthetic cathinone exposures in the adolescent population, *Pediatric Neurology* (2014), doi: 10.1016/j.pediatrneurol.2014.03.003.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Complete title: Seizures associated with synthetic cathinone exposures in the adolescent population

Running title: Seizures and synthetic cathinones
