Steroid Therapy for Spinal Cord Trauma: Where's the Evidence?

Ran Harel, MD

PII: S1878-8750(15)01768-4

DOI: [10.1016/j.wneu.2015.12.064](https://doi.org/10.1016/j.wneu.2015.12.064)

Reference: WNEU 3561

To appear in: *World Neurosurgery*

Received Date: 20 December 2015

Accepted Date: 21 December 2015

Please cite this article as: Harel R, Steroid Therapy for Spinal Cord Trauma: Where's the Evidence?, *World Neurosurgery* (2016), doi: 10.1016/j.wneu.2015.12.064.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Perspective statement for WNS 15-386
