This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title Page***Manuscript title:***

An assessment of population-based screening guidelines versus clinical prediction rules for chlamydia and gonorrhoea case finding

Authors' full names, highest academic degrees, and affiliations:

1. Name: Titilola FALASINNU
 - Highest academic degree(s): Doctor of Philosophy (PhD)
 - Affiliation 1: The School of Population and Public Health, University of British Columbia, Vancouver, Canada
 - Affiliation 2: Department of Health Research and Policy, Stanford University, Stanford, California, USA
2. Name: Mark GILBERT
 - Highest academic degree(s): Doctor of Medicine (MD); Master of Science (MSc)
 - Affiliation: British Columbia Center for Disease Control, Vancouver, Canada
3. Name: Paul GUSTAFSON
 - Highest academic degree(s): Doctor of Philosophy (PhD)
 - Affiliation: The Department of Statistics, University of British Columbia, Vancouver, Canada
4. Name: Jean SHOVELLER
 - Highest academic degree(s): Doctor of Philosophy (PhD)
 - Affiliation: The School of Population and Public Health, University of British Columbia, Vancouver, Canada

Name and address for correspondence

Titilola Falasinnu, MHS
Address: 2206 East Mall, Vancouver, BC V6T 1Z3, Canada
Telephone number: 604.762.1908
