Effect of the morphology of synthetic kaolinites on their sorption properties

Lei Lei Aung, Emmanuel Tertre, Sabine Petit

PII: S0021-9797(14)00952-7

DOI: <http://dx.doi.org/10.1016/j.jcis.2014.12.008>

Reference: YJCIS 20051

To appear in: *Journal of Colloid and Interface Science*

Received Date: 7 July 2014

Accepted Date: 2 December 2014

Please cite this article as: L.L. Aung, E. Tertre, S. Petit, Effect of the morphology of synthetic kaolinites on their sorption properties, *Journal of Colloid and Interface Science* (2014), doi: <http://dx.doi.org/10.1016/j.jcis.2014.12.008>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Effect of the morphology of synthetic kaolinites on their sorption properties
