This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

All studies published in *Gastroenterology* are embargoed until 3PM ET of the day they are published as corrected proofs on-line. Studies cannot be publicized as accepted manuscripts or uncorrected proofs.

American Gastroenterological Institute Guidelines for the Role of Upper Gastrointestinal Biopsy to Evaluate Dyspepsia in the Absence of Mucosal Lesions

Authors: Yu-Xiao Yang,¹ Joel Brill², Prashant Krishnan³, Grigorios Leontiadis⁴, and the AGA Institute Clinical Guidelines Committee

¹Division of Gastroenterology, Perelman School of Medicine at the University of Pennsylvania, Philadelphia, PA;

²Predictive Health, LLC, Paradise Valley, AZ;

³Peak Gastroenterology Associates, Colorado Springs, CO

⁴Division of Gastroenterology, Department of Medicine, McMaster University, Hamilton, Ontario, Canada

Acknowledgements: The AGA Institute Clinical Practice and Quality Management Committee (now the Clinical Guidelines Committee) included:

Megan A. Adams (University of Michigan Medical Center, Ann Arbor, MI), Spencer D. Dorn (Division of Gastroenterology, University of North Carolina at Chapel Hill, Chapel Hill, NC), Sharon L. Dudley-Brown (Division of Gastroenterology and Hepatology, Johns Hopkins Medical Center, Lutherville-Timonium, MD), Steven L. Flamm (Northwestern Feinberg School of Medicine, Chicago, IL), Ziad F. Gellad (Division of Gastroenterology, VA Medical Center, Durham, VA), Claudia B. Gruss (ProHealth Physicians, Farmington, CT), Lawrence R. Kosinski (Illinois Gastroenterology Group, Algonquin, IL), Joseph K. Lim (Section of Digestive Diseases, Yale Medical Group, New Haven, CT), Yvonne Romero (Division of Gastroenterology and Hepatology, Mayo Clinic, Rochester, MN), Joel H. Rubenstein (Veterans Affairs Center for Clinical Management Research and Division of Gastroenterology, University of Michigan Medical School, Ann Arbor, MI), Walter E. Smalley (Vanderbilt University School of Medicine, Nashville, TN), Shahnaz Sultan (Minneapolis VA Health Care System, University of Minnesota, Minneapolis, MN), David S.
