

## Accepted Manuscript

### Association Between Specific Adipose Tissue CD4 + T-Cell Populations and Insulin Resistance in Obese People

Elisa Fabbrini, Marina Cella, Steve A. McCartney, Anja Fuchs, Nada A. Abumrad, Terri A. Pietka, Zhouji Chen, Brian N. Finck, Dong Ho Han, Faidon Magkos, Caterina Conte, David Bradley, Gemma Fraterrigo, J. Christopher Eagon, Bruce W. Patterson, Marco Colonna, Samuel Klein

PII: S0016-5085(13)00511-8  
DOI: 10.1053/j.gastro.2013.04.010  
Reference: YGAST 58380

To appear in: *Gastroenterology*  
Accepted date: 7 April 2013

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

All studies published in *Gastroenterology* are embargoed until 3PM ET of the day they are published as corrected proofs on-line. Studies cannot be publicized as accepted manuscripts or uncorrected proofs.
