In vitro activity of ceftolozane/tazobactam against clinical isolates of *Pseudomonas aeruginosa* in the planktonic and biofilm states

Antonio L. Velez Perez, Suzannah M. Schmidt-Malan, Peggy C. Kohner, Melissa J. Karau, Kerry E. Greenwood Quaintance, Robin Patel

PII: S0732-8893(16)30015-3
DOI: doi: [10.1016/j.diagmicrobio.2016.02.014](https://doi.org/10.1016/j.diagmicrobio.2016.02.014)
Reference: DMB 14023

To appear in: *Diagnostic Microbiology and Infectious Disease*

Received date: 25 November 2015
Revised date: 8 February 2016
Accepted date: 13 February 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
