

Accepted Manuscript

lytA-based identification methods can misidentify *Streptococcus pneumoniae*

Alexandra S. Simões, Débora A. Tavares, Dora Rolo, Carmen Ardanuy, Herman Goossens, Birgitta Henriques-Normark, Josefina Linares, Hermínia de Lencastre, Raquel Sá-Leão

PII: S0732-8893(16)30072-4
DOI: doi: [10.1016/j.diagmicrobio.2016.03.018](https://doi.org/10.1016/j.diagmicrobio.2016.03.018)
Reference: DMB 14051

To appear in: *Diagnostic Microbiology and Infectious Disease*

Received date: 17 November 2015
Revised date: 19 February 2016
Accepted date: 20 March 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

lytA*-based identification methods can misidentify *Streptococcus pneumoniae
