This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Pneumococcal urine antigen survey

Title: Rapid Urine Antigen Testing for *Streptococcus pneumoniae* in Adults with Community-Acquired

Pneumonia: Clinical Use and Barriers

Authors: Aaron M. Harris^{a,b}, Susan E. Beekmann^c, Philip M. Polgreen^c, Matthew R. Moore^b

^aRespiratory Disease Branch, Centers for Disease Control and Prevention, Atlanta, Georgia

^bEpidemic Intelligence Service, Centers for Disease Control and Prevention, Atlanta, Georgia

^cUniversity of Iowa Carver College of Medicine, Iowa City, Iowa

Key words: pneumococcus; community acquired pneumonia; urine antigen test; rapid diagnostics

Running title: Pneumococcal urine antigen survey
