Clinical utility comparison of two benchtop deep sequencing instruments for rapid diagnosis of newly emergent influenza infections

Xianwen Ren, Yongfeng Hu, Fan Yang, Yan Xiao, Li Li, Jie Dong, Lilian Sun, Yafang Zhu, Qi Jin

PII: S1198-743X(14)00078-0

DOI: [10.1016/j.cmi.2014.10.016](https://doi.org/10.1016/j.cmi.2014.10.016)

Reference: CMI 77

To appear in: *Clinical Microbiology and Infection*

Received Date: 10 September 2014

Accepted Date: 21 October 2014

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
