Molecular identification of Mucorales in human tissues: contribution of PCR electrospray ionization mass spectrometry

Alexandre Alanio, MD PhD, Dea Garcia-Hermoso, Séverine Mercier-Delarue, Fanny Lanternier, Maud Gits-Muselli, Jean Menotti, Blandine Denis, Anne Bergeron, Matthieu Legrand, Olivier Lortholary, Stéphane Bretagne

PII: S1198-743X(15)00222-0

DOI: [10.1016/j.cmi.2015.01.017](https://doi.org/10.1016/j.cmi.2015.01.017)

Reference: CMI 159

To appear in: *Clinical Microbiology and Infection*

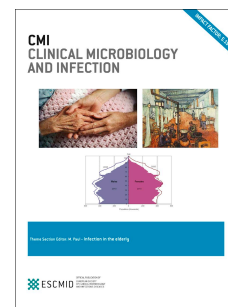

Received Date: 5 November 2014

Revised Date: 14 January 2015

Accepted Date: 17 January 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Molecular identification of Mucorales in human tissues: contribution of PCR electrospray ionization mass spectrometry
