Microbial diagnosis of bloodstream infection: Towards molecular diagnosis directly from blood

Onya Opota, Katia Jaton, Gilbert Greub

PII: S1198-743X(15)00293-1

DOI: 10.1016/j.cmi.2015.02.005

Reference: CMI 177

To appear in: *Clinical Microbiology and Infection*

Received Date: 20 December 2014

Revised Date: 1 February 2015

Accepted Date: 4 February 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
