Title: Single aromatic residue location alters nucleic acid binding and chaperone function of FIV nucleocapsid protein

Author: Hao Wu Wei Wang Nada Naiyer Eric Fichtenbaum
Dominic F. Qualley Micah J. McCauley Robert J. Gorelick
Ioulia Rouzina Karin Musier-Forsyth Mark C. Williams

PII: S0168-1702(14)00245-7
DOI: <http://dx.doi.org/doi:10.1016/j.virusres.2014.06.002>
Reference: VIRUS 96319

To appear in: *Virus Research*

Received date: 4-4-2014
Revised date: 28-5-2014
Accepted date: 2-6-2014

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Single aromatic residue location alters nucleic acid binding and chaperone function of FIV nucleocapsid protein
