This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title: The effect of hydroxyquinolone-based gel on pessary-associated bacterial vaginosis: a multicenter randomized controlled trial

Authors:

Dr. Kate V. MERIWETHER, MD¹

Dr. Rebecca G. ROGERS, MD¹

Ms. Ellen CRAIG, CNM¹

Mr. Sean D. PETERSON, MS²

Dr. Robert E. GUTMAN, MD³

Dr. Cheryl B. IGLESIA, MD³

Author Affiliations:

1. Department of Obstetrics & Gynecology, University of New Mexico, Albuquerque, NM, USA
2. University of New Mexico School of Medicine, Albuquerque, NM, USA
3. Department of Obstetrics & Gynecology and Urology, MedStar Washington Hospital Center/Georgetown University, Washington, DC, USA

Location of study: Albuquerque, New Mexico, USA and Washington, DC, USA

Conflict of Interest Disclosure Statement:

RG Rogers is a Chair DSMB for the Transform trial sponsored by American Medical Systems and receives royalties from Up-to-Date and McGraw Hill. The remaining authors report no conflicts of interest.
