This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Research participant compensation: a matter of statistical inference as well as ethics

Running heading: Participant compensation

David M. Swanson<sup>1\*</sup>, Ph.D., and Rebecca A. Betensky<sup>2</sup>, Ph.D.,

Department of Biostatistics, Harvard School of Public Health,  
655 Huntington Ave, Boston, MA, 02115, USA.

\*Current Affiliation: GNS Healthcare, 1 Charles Park, Cambridge, MA, 02142, USA.

Author Contributions: DMS coded simulations, performed most of the literature review, and wrote most of the manuscript. RAB had the idea for the project, edited and refined the manuscript, and oversaw work.

No Conflicts of Interest to disclose.
