Disclosure Information: Nothing to disclose.

Disclosures outside the scope of this work: Dr Cyr is a paid consultant to Nanostring. Dr Margenthaler receives payment for lectures from Myriad Genetics and Genentech. Dr Appleton is a paid consultant to Hologic, Inc. and has provided expert trial testimony for Crivello Carlson law firm in Wisconsin, and Rensch and Rensch in Omaha, Nebraska.

Support: This study is funded by a grant from the Longer Life Foundation. Dr Tucker was supported by NCI grant T32 CA 009621. Dr Ademuyiwa was supported by an NCI grant 1K12 CA167540. Biostatistics services were provided by the Alvin J Siteman Cancer Center at Washington University School of Medicine and Barnes-Jewish Hospital in St Louis, MO. The Siteman Cancer Center is supported in part by NCI Cancer Center Support Grant #P30 CA91842.

Presented at the American Society of Breast Surgeons 16th Annual Meeting, Orlando, Florida, May 2015.
