

## Accepted Manuscript

The role of androgen receptor in transcriptional modulation of cannabinoid receptor type 1 gene in rat trigeminal ganglia

Ki Seok Lee, Jamila Asgar, Youping Zhang, Man-Kyo Chung, Jin Y Ro

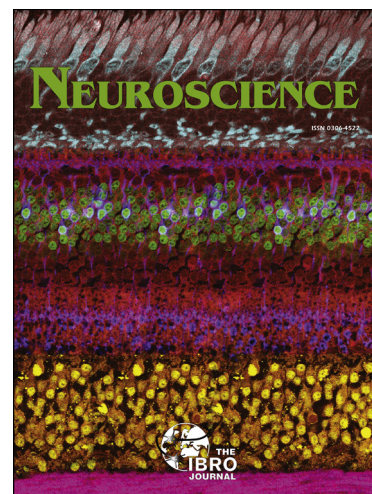

PII: S0306-4522(13)00785-9

DOI: <http://dx.doi.org/10.1016/j.neuroscience.2013.09.014>

Reference: NSC 14884

To appear in: *Neuroscience*

Accepted Date: 5 September 2013

Please cite this article as: K.S. Lee, J. Asgar, Y. Zhang, M-K. Chung, J.Y. Ro, The role of androgen receptor in transcriptional modulation of cannabinoid receptor type 1 gene in rat trigeminal ganglia, *Neuroscience* (2013), doi: <http://dx.doi.org/10.1016/j.neuroscience.2013.09.014>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**The role of androgen receptor in transcriptional modulation of cannabinoid receptor type 1 gene in rat trigeminal ganglia**
