This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title

Subcortical correlates of auditory perceptual organization in humans

Authors

Shimpei Yamagishi^{1,*}
Sho Otsuka²
Shigeto Furukawa²
Makio Kashino^{1,2}

Author contributions

- S.Y., S.F. and M.K. conceived the study and designed the experiments.
- S.Y. performed the experiments.
- S.Y., S.O. and S.F. analyzed the data.
- S.Y., S.F. and M.K. wrote the paper.
