Antifoaming effect of chemical compounds in manure biogas reactors

P.G. Kougias, P. Tsapekos, K. Boe, I. Angelidaki

PII: S0043-1354(13)00620-9

DOI: [10.1016/j.watres.2013.07.045](https://doi.org/10.1016/j.watres.2013.07.045)

Reference: WR 10116

To appear in: *Water Research*

Received Date: 23 April 2013

Revised Date: 29 July 2013

Accepted Date: 30 July 2013

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Antifoaming effect of chemical compounds in
manure biogas reactors**
