Accepted Manuscript

COASTAL sediment elevation change following anthropogenic mangrove clearing

Heather L. Hayden, Elise F. Granek

PII: S0272-7714(15)30082-2

DOI: 10.1016/j.ecss.2015.09.004

Reference: YECSS 4894

To appear in: Estuarine, Coastal and Shelf Science

Received Date: 11 December 2014

Revised Date: 13 August 2015

Accepted Date: 7 September 2015

Please cite this article as: Hayden, H.L., Granek, E.F., COASTAL sediment elevation change following anthropogenic mangrove clearing, *Estuarine, Coastal and Shelf Science* (2015), doi: 10.1016/j.ecss.2015.09.004.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
