Physicochemical properties and in vitro digestibility of starches from field peas grown in China

Chang Liu, Shujun Wang, Les Copeland, Shuo Wang

PII: S0023-6438(15)00482-X

DOI: [10.1016/j.lwt.2015.06.060](https://doi.org/10.1016/j.lwt.2015.06.060)

Reference: YFSTL 4780

To appear in: *LWT - Food Science and Technology*

Received Date: 29 November 2014

Revised Date: 22 April 2015

Accepted Date: 19 June 2015

Please cite this article as: Liu, C., Wang, S., Copeland, L., Wang, S., Physicochemical properties and in vitro digestibility of starches from field peas grown in China, *LWT - Food Science and Technology* (2015), doi: 10.1016/j.lwt.2015.06.060.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
