Accelerated decantation of biodiesel–glycerol mixtures: Optimization of a critical stage in biodiesel biorefinery

Aifia Nouredin, Mohammad Mahdi A. Shirazi, Joumana Tofeily, Pezhman Kazemi, Elahe Motaee, Ali Kargari, Mostafa Mostafaei, Mandana Akia, Tayssir Hamieh, Meisam Tabatabaei

PII: S1383-5866(14)00294-9  
DOI: <http://dx.doi.org/10.1016/j.seppur.2014.05.011>  
Reference: SEPPUR 11758

To appear in: *Separation and Purification Technology*

Received Date: 3 December 2013  
Revised Date: 6 May 2014  
Accepted Date: 11 May 2014

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
