Graph Theory in the Geosciences

Jonathan D. Phillips, Wolfgang Schwanghart, Tobias Heckmann

PII: S0012-8252(15)00023-9
DOI: doi: [10.1016/j.earscirev.2015.02.002](https://doi.org/10.1016/j.earscirev.2015.02.002)
Reference: EARTH 2086

To appear in: *Earth Science Reviews*

Received date: 7 November 2014
Accepted date: 9 February 2015

Please cite this article as: Phillips, Jonathan D., Schwanghart, Wolfgang, Heckmann, Tobias, Graph Theory in the Geosciences, *Earth Science Reviews* (2015), doi: [10.1016/j.earscirev.2015.02.002](https://doi.org/10.1016/j.earscirev.2015.02.002)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Graph Theory in the Geosciences

Jonathan D. Phillips¹, Wolfgang Schwanghart² & Tobias Heckmann³
