

# Accepted Manuscript

Title: Numerical and *experimental study of field synergy analysis in water jet impingement based on minimum entropy generation method*

Author: Bo Zhang, Mohammed O A Hamid, Wenjie Liu

PII: S1359-4311(16)30109-0

DOI: <http://dx.doi.org/doi: 10.1016/j.applthermaleng.2016.01.157>

Reference: ATE 7718

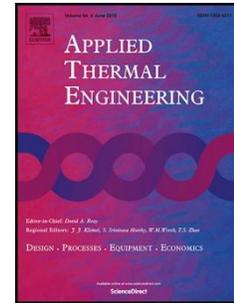

To appear in: *Applied Thermal Engineering*

Received date: 5-11-2015

Accepted date: 30-1-2016

Please cite this article as: Bo Zhang, Mohammed O A Hamid, Wenjie Liu, Numerical and *experimental study of field synergy analysis in water jet impingement based on minimum entropy generation method*, *Applied Thermal Engineering* (2016), <http://dx.doi.org/doi: 10.1016/j.applthermaleng.2016.01.157>.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## **Numerical and experimental study of field synergy analysis in water jet impingement based on minimum entropy generation method**
