Preparation and evaluation of human choroid extracellular matrix scaffolds for the study of cell replacement strategies

Kathleen R. Chirco, Kristan S. Worthington, Miles J. Flamme-Wiese, Megan J. Riker, Joshua D. Andrade, Beatrix M. Ueberheide, Edwin M. Stone, Budd A. Tucker, Robert F. Mullins

PII: S1742-7061(17)30294-5
DOI: <http://dx.doi.org/10.1016/j.actbio.2017.05.011>
Reference: ACTBIO 4870

To appear in: *Acta Biomaterialia*

Received Date: 18 January 2017
Revised Date: 20 April 2017
Accepted Date: 4 May 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Preparation and evaluation of human choroid extracellular matrix scaffolds for the study of cell replacement strategies
