Stepping into the omics era: opportunities and challenges for biomaterials science and engineering

Nathalie Groen, Murat Guvendiren, Herschel Rabitz, William J. Welsh, Joachim Kohn, Jan de Boer

PII: S1742-7061(16)30058-7
DOI: <http://dx.doi.org/10.1016/j.actbio.2016.02.015>
Reference: ACTBIO 4111

To appear in: *Acta Biomaterialia*

Received Date: 17 September 2015
Revised Date: 22 January 2016
Accepted Date: 10 February 2016

Please cite this article as: Groen, N., Guvendiren, M., Rabitz, H., Welsh, W.J., Kohn, J., de Boer, J., Stepping into the omics era: opportunities and challenges for biomaterials science and engineering, *Acta Biomaterialia* (2016), doi: <http://dx.doi.org/10.1016/j.actbio.2016.02.015>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Stepping into the omics era: opportunities and challenges for biomaterials
science and engineering**
