Full length article

Engineering Biologically Extensible Hydrogels using Photolithographic Printing

Shail Mehta, Tao Jin, Ilinca Stanciulescu, K. Jane Grande-Allen

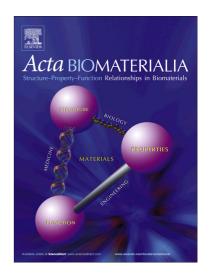

PII: S1742-7061(18)30312-X

DOI: https://doi.org/10.1016/j.actbio.2018.05.036

Reference: ACTBIO 5489

To appear in: Acta Biomaterialia

Received Date: 12 February 2018 Revised Date: 18 May 2018 Accepted Date: 22 May 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
