

## Accepted Manuscript

A Cyclo-trimer of Acetonitrile Combining Fluorescent Property with Ability to Induce Osteogenesis and Its Potential as Multifunctional Biomaterial

Xujie Liu, Yong Xie, Rui Liu, Ranran Zhang, Hao Yan, Xing Yang, Qianli Huang, Wei He, Bo Yu, Qingling Feng, Shengli Mi, Qiang Cai

PII: S1742-7061(17)30656-6  
DOI: <https://doi.org/10.1016/j.actbio.2017.10.031>  
Reference: ACTBIO 5137

To appear in: *Acta Biomaterialia*

Received Date: 9 June 2017  
Revised Date: 17 September 2017  
Accepted Date: 17 October 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
