Title: Comparing new perspective of hybrid approach and conventional kinetic modelling techniques of a submerged biofilm reactor performance

Author: Salman Alizadeh Kordkandi Luigi Berardi

PII: S1369-703X(15)30013-9
DOI: <http://dx.doi.org/doi:10.1016/j.bej.2015.07.007>
Reference: BEJ 6248

To appear in: *Biochemical Engineering Journal*

Received date: 20-12-2014
Revised date: 23-6-2015
Accepted date: 6-7-2015

Please cite this article as: Salman Alizadeh Kordkandi, Luigi Berardi, Comparing new perspective of hybrid approach and conventional kinetic modelling techniques of a submerged biofilm reactor performance, *Biochemical Engineering Journal* <http://dx.doi.org/10.1016/j.bej.2015.07.007>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Comparing new perspective of hybrid approach and conventional kinetic modelling techniques of a submerged biofilm reactor performance
