

## Accepted Manuscript

Title: A new generation approach in enzyme immobilization: organic-inorganic hybrid nanoflowers with enhanced catalytic activity and stability

Author: Cevahir Altinkaynak Sureyya Tavlasoglu Nalan  
Özdemir Ismail Ocsoy

PII: S0141-0229(16)30113-2  
DOI: <http://dx.doi.org/doi:10.1016/j.enzmictec.2016.06.011>  
Reference: EMT 8926

To appear in: *Enzyme and Microbial Technology*

Received date: 5-2-2016  
Revised date: 26-5-2016  
Accepted date: 16-6-2016

Please cite this article as: Altinkaynak Cevahir, Tavlasoglu Sureyya, Özdemir Nalan, Ocsoy Ismail. This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Review****A new generation approach in enzyme immobilization: organic-inorganic hybrid nanoflowers with enhanced catalytic activity and stability**
