

Accepted Manuscript

Title: Development of Realistic Food Microstructure Considering the Structural Heterogeneity of Cells and Intercellular Space

Authors: M.M. Rahman, Y.T. Gu, M.A. Karim

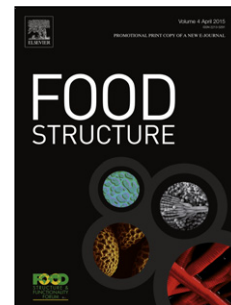

PII: S2213-3291(17)30063-1
DOI: <https://doi.org/10.1016/j.foostr.2018.01.002>
Reference: FOOSTR 89

To appear in:

Received date: 26-5-2017
Revised date: 21-11-2017
Accepted date: 7-1-2018

Please cite this article as: Rahman, MM., Gu, YT., & Karim, M.A., Development of Realistic Food Microstructure Considering the Structural Heterogeneity of Cells and Intercellular Space. *Food Structure* <https://doi.org/10.1016/j.foostr.2018.01.002>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

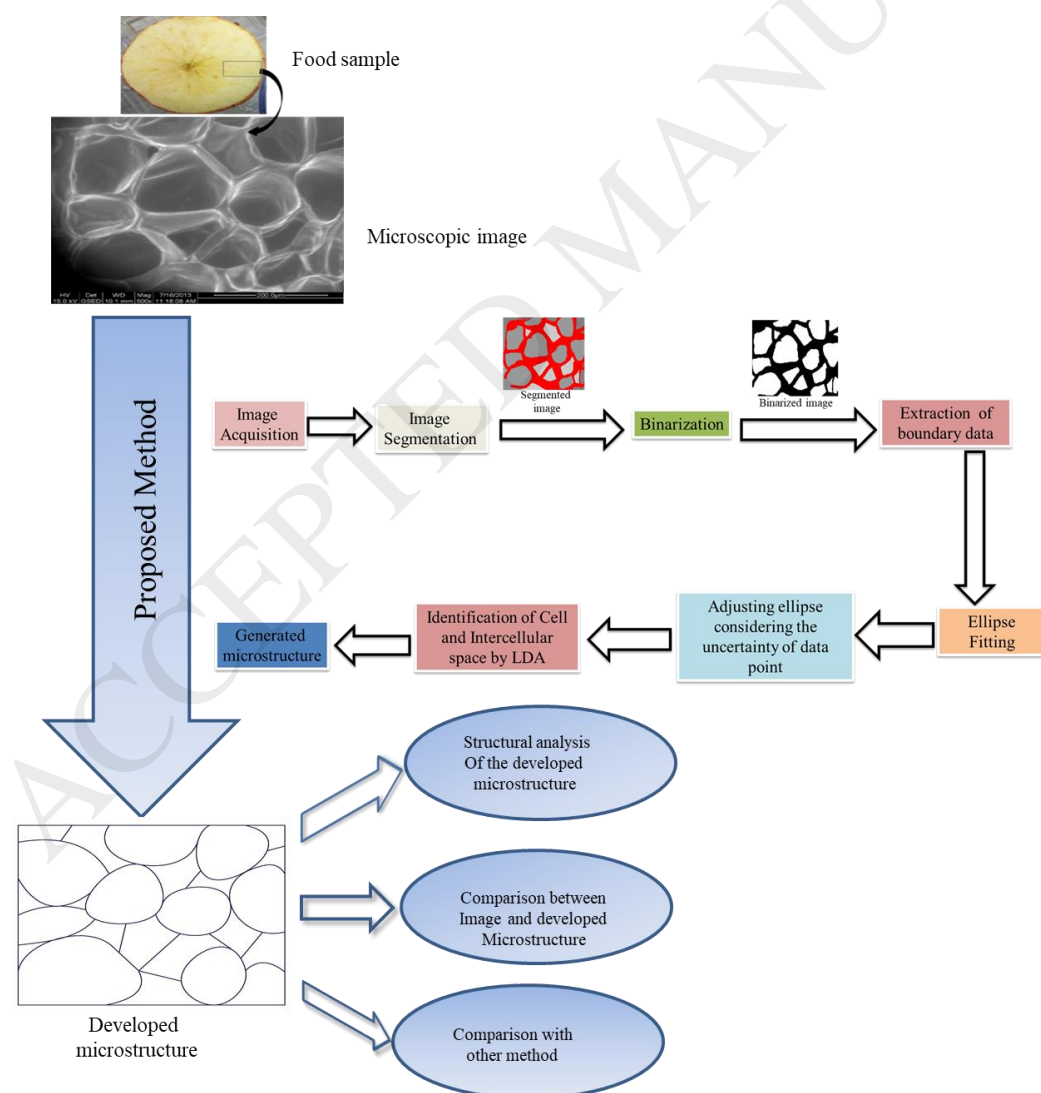

Development of Realistic Food Microstructure Considering the Structural Heterogeneity of Cells and Intercellular Space
