Accepted Manuscript

Title: Protein Partition Coefficients can be estimated efficiently by hybrid ShortCut Calculations

Author: Christian Kress Gabriele Sadowski Christoph Brandenbusch

PII: S0168-1656(16)31388-8
DOI: http://dx.doi.org/doi:10.1016/j.jbiotec.2016.06.032
Reference: BIOTEC 7610

To appear in: *Journal of Biotechnology*

Received date: 18-4-2016
Revised date: 26-6-2016
Accepted date: 30-6-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

ACCEPTED MANUSCRIPT

Protein Partition Coefficients can be estimated efficiently by hybrid ShortCut Calculations
