

## Accepted Manuscript

Title: ESIPT-based highly selective fluorescent probe for organic azides through Staudinger ligation

Authors: Fangfang Peng, Jinhua Gao, Weijuan Zhang, Weili Zhao

PII: S1010-6030(17)30890-0  
DOI: <http://dx.doi.org/10.1016/j.jphotochem.2017.09.041>  
Reference: JPC 10888

To appear in: *Journal of Photochemistry and Photobiology A: Chemistry*

Received date: 27-6-2017  
Revised date: 18-8-2017  
Accepted date: 17-9-2017

Please cite this article as: Fangfang Peng, Jinhua Gao, Weijuan Zhang, Weili Zhao, ESIPT-based highly selective fluorescent probe for organic azides through Staudinger ligation, *Journal of Photochemistry and Photobiology A: Chemistry* <http://dx.doi.org/10.1016/j.jphotochem.2017.09.041>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
