Hyperspectral imaging of snow algae and green algae from aeroterrestrial habitats

Andreas Holzinger, Michael C. Allen, Dimitri D. Deheyn

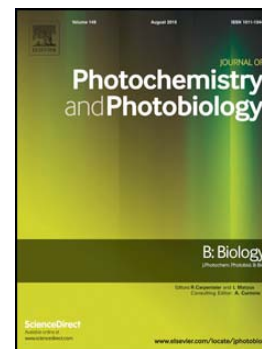

PII: S1011-1344(16)30328-1
DOI: doi: [10.1016/j.jphotobiol.2016.07.001](https://doi.org/10.1016/j.jphotobiol.2016.07.001)
Reference: JPB 10462

To appear in:

Received date: 29 April 2016
Revised date: 1 July 2016
Accepted date: 3 July 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Hyperspectral imaging of snow algae and green algae from aeroterrestrial habitats
