

Accepted Manuscript

Title: Industrial potato peel as a feedstock for biobutanol production

Authors: María Hijosa-Valsero, Ana I. Paniagua-García, Rebeca Díez-Antolínez

PII: S1871-6784(17)30692-1
DOI: <https://doi.org/10.1016/j.nbt.2018.07.002>
Reference: NBT 1123

To appear in:

Please cite this article as: Hijosa-Valsero M, Paniagua-García AI, Díez-Antolínez R, Industrial potato peel as a feedstock for biobutanol production, *New BIOTECHNOLOGY* (2018), <https://doi.org/10.1016/j.nbt.2018.07.002>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Industrial potato peel as a feedstock for biobutanol production
