

## Accepted Manuscript

Title: Endogenous ternary pH buffer system with ammonia-carbonates-VFAs in high solid anaerobic digestion of swine manure: An alternative for alleviating ammonia inhibition?

Authors: Xiaoshan Meng, Dawei Yu, Yuansong Wei, Yuxiu Zhang, Qifan Zhang, Ziyue Wang, Jibao Liu, Yawei Wang

PII: S1359-5113(17)31863-9  
DOI: <https://doi.org/10.1016/j.procbio.2018.03.015>  
Reference: PRBI 11300

To appear in: *Process Biochemistry*

Received date: 8-12-2017  
Revised date: 14-3-2018  
Accepted date: 17-3-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
