Title: Synthesis of Nb₂O₅ based solid superacid materials for catalytic combustion of chlorinated VOCs

Authors: Peng Yang, Shaokang Fan, Zhenyang Chen, Guofang Bao, Shufeng Zuo, Chenze Qi

PII: S0926-3373(18)30679-9
DOI: <https://doi.org/10.1016/j.apcatb.2018.07.061>
Reference: APCATB 16883

To appear in: *Applied Catalysis B: Environmental*

Received date: 18-4-2018
Revised date: 22-7-2018
Accepted date: 23-7-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
