

Accepted Manuscript

Title: Ag-Cu based catalysts for the selective ammonia oxidation into nitrogen and water vapour

Authors: Magdalena Jabłońska, Andrew M. Beale, Marek Nocuń, Regina Palkovits

PII: S0926-3373(18)30228-5
DOI: <https://doi.org/10.1016/j.apcatb.2018.03.029>
Reference: APCATB 16487

To appear in: *Applied Catalysis B: Environmental*

Received date: 18-9-2017
Revised date: 2-3-2018
Accepted date: 9-3-2018

Please cite this article as: Jabłońska M, Beale AM, Nocuń M, Palkovits R, Ag-Cu based catalysts for the selective ammonia oxidation into nitrogen and water vapour, *Applied Catalysis B, Environmental* (2018), <https://doi.org/10.1016/j.apcatb.2018.03.029>

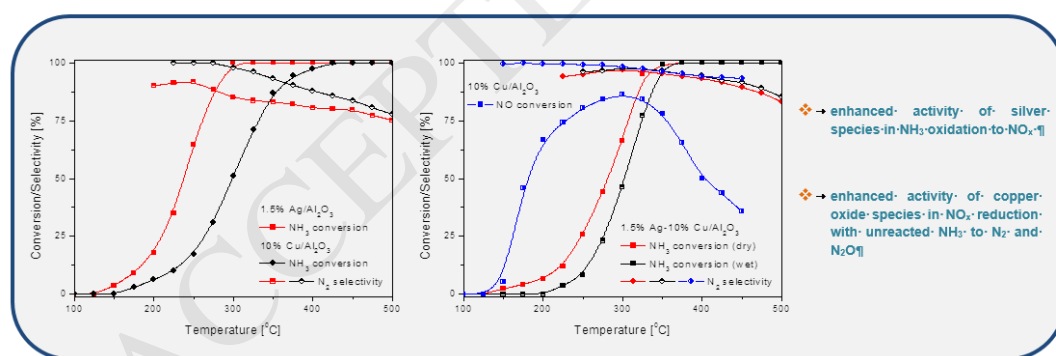

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Ag-Cu based catalysts for the selective ammonia oxidation into nitrogen and water vapour
