Accepted Manuscript

Using factorial experimental design to optimize biocatalytic biodiesel production from *Mucor Miehei Lipase* immobilized onto ordered mesoporous materials

C. Carteret, J. Jacoby, J.L. Blin

PII: \$1387-1811(18)30175-6

DOI: 10.1016/j.micromeso.2018.04.004

Reference: MICMAT 8859

To appear in: Microporous and Mesoporous Materials

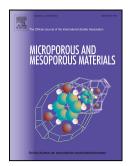

Received Date: 18 December 2017

Revised Date: 18 March 2018

Accepted Date: 2 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
