This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Acknowledgements:** Our thanks to the National School of Anthropology and History, the Faculty of Medicine of the National Autonomous University of Mexico and to Professor Guillermo Torres for the facilities provided in the development of this investigation. We also thank anonymous reviewers for their helpful comments and valuable observations on the manuscript. Any errors or omissions remain our sole responsibility.
