This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Production of glycerol carbonate using a novel Ti-SBA-15 catalyst

Parmila Devi, Umashankar Das and Ajay. K. Dalai*

Department of Chemical and Biological Engineering, College of Engineering, University of
Saskatchewan, 57 Campus Drive, Saskatoon, SK S7N 5A9, Saskatoon, Canada
