

## Accepted Manuscript

A sustainable route from biomass cotton to construct lightweight and high-performance microwave absorber

Huanqin Zhao, Yan Cheng, Jianna Ma, Yanan Zhang, Guangbin Ji, Youwei Du

PII: S1385-8947(18)30173-6  
DOI: <https://doi.org/10.1016/j.cej.2018.01.151>  
Reference: CEJ 18471

To appear in: *Chemical Engineering Journal*

Received Date: 7 September 2017  
Revised Date: 16 January 2018  
Accepted Date: 30 January 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**A sustainable route from biomass cotton to construct lightweight and high-performance microwave absorber**
