Review

An integrative review of granular sludge for the biological removal of nutrients and recalcitrant organic matter from wastewater

Mari-Karoliina Henriikka Winkler, Christophe Meunier, Olivier Henriet, Jacques Mahillon, María Eugenia Suárez-Ojeda, Guido Del Moro, Marco De Sanctis, Claudio Di Iaconi, David Gregory Weissbrodt

PII: S1385-8947(17)32138-1
DOI: <https://doi.org/10.1016/j.cej.2017.12.026>
Reference: CEJ 18187

To appear in: *Chemical Engineering Journal*

Received Date: 4 July 2017
Revised Date: 2 December 2017
Accepted Date: 6 December 2017

Weissbrodt, An integrative review of granular sludge for the biological removal of nutrients and recalcitrant organic matter from wastewater, *Chemical Engineering Journal* (2017), doi: <https://doi.org/10.1016/j.cej.2017.12.026>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

An integrative review of granular sludge for the biological removal of nutrients and recalcitrant organic matter from wastewater
