

## Accepted Manuscript

Effect of feeding nitrogen to a fixed bed Fischer–Tropsch reactor while keeping the partial pressures of reactants the same

Adolph Anga Muleja, Yali Yao, David Glasser, Diane Hildebrandt

PII: S1385-8947(16)30160-7  
DOI: <http://dx.doi.org/10.1016/j.cej.2016.02.059>  
Reference: CEJ 14792

To appear in: *Chemical Engineering Journal*

Received Date: 10 September 2015  
Revised Date: 14 December 2015  
Accepted Date: 18 February 2016

Please cite this article as: A.A. Muleja, Y. Yao, D. Glasser, D. Hildebrandt, Effect of feeding nitrogen to a fixed bed Fischer–Tropsch reactor while keeping the partial pressures of reactants the same, *Chemical Engineering Journal* (2016), doi: <http://dx.doi.org/10.1016/j.cej.2016.02.059>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Effect of feeding nitrogen to a fixed bed Fischer-Tropsch reactor  
while keeping the partial pressures of reactants the same**
