Evaluating lower flammability limit of flammable mixtures using threshold temperature approach

Chan-Cheng Chen, Shang-Hao Liu, Xiaoyan Kang

PII: S0009-2509(18)30209-4
DOI: <https://doi.org/10.1016/j.ces.2018.04.011>
Reference: CES 14143

To appear in: *Chemical Engineering Science*

Received Date: 27 February 2017
Revised Date: 28 January 2018
Accepted Date: 5 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Evaluating lower flammability limit of flammable mixtures using threshold temperature approach
