

Author's Accepted Manuscript

Contributions to frequency response models
for mass transfer in adsorbents

Timothy J. Giesy, M. Douglas LeVan

www.elsevier.com/locate/ces

PII: S0009-2509(14)00286-3
DOI: <http://dx.doi.org/10.1016/j.ces.2014.05.056>
Reference: CES11683

To appear in: *Chemical Engineering Science*

Received date: 24 February 2014

Revised date: 29 May 2014

Accepted date: 30 May 2014

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Contributions to Frequency Response Models for Mass Transfer in Adsorbents
