This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Heavy Metals Adsorption by Banana Peels Micro-Powder. Equilibrium Modeling by Non-Linear Models

Corresponding Author and First Author: Giorgio Vilardi, PhD Research Fellow, Sapienza University of Rome, Department of Chemical Engineering Materials Environment, via Eudossiana 18, 00184, Rome, Italy.

Second Author: Luca Di Palma, Associate Professor, Sapienza University of Rome, Department of Chemical Engineering Materials Environment, via Eudossiana 18, 00184, Rome, Italy.

Third (Last) Author: Nicola Verdone, Associate Professor, Sapienza University of Rome, Department of Chemical Engineering Materials Environment, via Eudossiana 18, 00184, Rome, Italy.
